

HHRF Accepting Applications until May 15 for Grants up to \$50,000

The present grant cycle for the Horses and Humans Research Foundation (HHRF) provides a funding opportunity for research investigating the therapeutic effects of equine-assisted activities (EAA) on military veterans experiencing Post Traumatic Stress Disorder (PTSD) and/or Traumatic Brain Injury (TBI). Deadline for submission of proposals is May 15, 2014.

Information for applicants, including application materials, previously funded projects, review guidelines and more are available at www.horsesandhumans.org.
